## **INTERIM RESULTS ANNOUNCEMENT 2008**

### **Characteristics of The Growth Enterprise Market (“GEM”) of The Stock Exchange of Hong Kong Limited (the “Exchange”)**

**GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.**

**Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.**

*The Stock Exchange takes no responsibility for the contents of this announcement, makes no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement. This announcement, for which the directors (“the Directors”) of Global Link Communications Holdings Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief: (1) the information contained in this announcement is accurate and complete in all material respects and not misleading; (2) there are no other matters the omission of which would make any statement in this announcement misleading; and (3) all opinions expressed in this announcement have been arrived at after due and careful consideration and are founded on bases and assumptions that are fair and reasonable.*

## MANAGEMENT DISCUSSION AND ANALYSIS

### Business review and outlook

During the period under review, the Olympic Games was held in Beijing, the PRC and the railway transportation in Beijing is an important system to safeguard passenger transportation and to ensure the games were smoothly carried out. The Group has already provided view channel control system for 5 lines in Beijing's underground railway. To ensure the stable operation of these view channel control system was the Group's top task for the period. Under the unified arrangement from the Beijing Municipal Committee of Communications and the underground railway operation company, the Group has sent a professional project team to join the operation security team on a 24-hour basis. Although the numbers of the trains' operating hour and passenger travel were much higher than usual, the safety of operation was maintained as expected and the Group has done its job and contributed to the smooth running of the games. Through practice, the Group's product passed the test, project team get trained and technology get enhanced. The Group has obtained valuable practical experience for the coming international grand-scale event including Shanghai Expo, Guangzhou Asian Games and Universiade Shenzhen. And the Group's brand name has been enhanced in the industry of view channel control system for railway transportation.

The Group has cooperated with enterprises including Changchun Railway Vehicles Co., Ltd., CSR Sifang Locomotive and Rolling Stock Co., Ltd. and Beijing Mass Transit Railway Operation Corp. Ltd., to provide view channel control system product for Beijing Sightseeing Line, Batong Line, Line 4 and Line 13 as well as Line 4 and 5 in Guangzhou. The timing, quantity and quality of installation of product were implemented as expected.

Following the start-up of railway transportation project in the "Eleventh Five Year Plan", opening of underground railway and project bidding in core cities have reached another peak season. With years marketing experience and good operating results of the product, the Group's marketing activities were fully engaged. Business with 6 major train manufactures and investors in underground railway in core cities were in stages of product technology discussion, product design for new underground railway lines and contract negotiation.

During the implementation of operation strategy formulated at the beginning of the year, the Group paid attention to the global financial crisis resulted from the subprime mortgage in the USA. Taking into account the market segment and its strength the Group has formulated the following policies: (1) adequate invest in market and product in accordance with its resources; (2) capture market opportunity through alliance with enterprises and enhance efficiency by making full use of its advantages; and (3) control cash usage and enhance credit control to ensure net cash inflow. The Group has achieved good operating results after implementing these policies for months.

The Group's electricity protection products have new development in the areas of technology and market exploration. The Group has started product presentation, demonstrative application and project installation in relevant cities. The Group believes that after the snowstorm disaster in the Southern PRC early this year, the electricity protection products will have a better prospect according to relevant national policy.

With its operating situation, the Group will capture more contracts in the coming months as compared with the Last Corresponding Period. As each railway transportation projects will be implemented for a 2-3 years period, the Group's operating task was partially fulfilled and the related benefit was secured.

### **Financial review**

For the six months ended 30 September 2008, the Group recorded a turnover of approximately HK\$18,359,000, representing a decrease by approximately 6% comparing with that of the Last Corresponding Period. Gross profit of approximately HK\$6,074,000 was recorded, which represents a decrease in gross profit margin from approximately 37% to approximately 33%. Net profit attributable to equity shareholders of the Company of approximately HK\$758,000 was recorded in the period.

During the period, aiming to capture more contracts in the future, business activities with underground railway companies and train manufacturers for technology and marketing increased significantly as more than 20 core cities have started underground railway construction as well as railway between cities. This led to increase in selling expenses representing approximately 30% increase from that of the Last Corresponding Period. Decrease in other income is mainly due to the VAT refund yet to be received from relevant tax bureau and yet to be accounted for in the period.

The main reasons for the decrease in net profit during the period under review are that the increase in selling expense and decrease in other income as well as the change of income tax rate.

### **Capital structure**

The Group carried out prudent financial policy, surplus cash is deposited in bank to finance operation and investments. Management will review the financial forecast on a regular basis to ensure the use of proceeds strictly follows those stated in the prospectus of the Company dated 31 October 2002 (the "Prospectus") or identified by the Directors during the normal course of business. As at 30 September 2008, the Group had a total cash and bank balances, amounted to approximately HK\$13,995,000.

### **Employee information**

As at 30 September 2008, the Group had 81 employees (2007: 58 employees), 73 and 8 of them are working in the PRC and Hong Kong respectively. For the six months ended 30 September 2008, staff costs including Directors' remuneration was approximately HK\$3,257,000 (2007: approximately HK\$2,274,000).

### **Liquidity, financial resources and gearing**

As at 30 September 2008, the Group had net current assets of approximately HK\$28,840,000, of which approximately HK\$13,995,000 were cash and bank balances. The Directors are confident that the Group's existing financial resources will be sufficient to satisfy its commitments and working capital requirements.
